Scott Bader Launches New Adhesives, Composites and Specialty Polymers Website

Scott Bader has launched its new website www.scottbader.com which covers the range of products and services offered by the Adhesives, Composites and Specialty Polymers business units globally.

The new site has been designed to be clear and easy for visitors to find out about the Group's principal business activities and market leading brand names, its 86 year history and unique company philosophy, plus the extensive charitable activities of the Scott Bader Commonwealth Trust. The site contains key information and downloads covering: products, markets, technical data sheets, R & D activities and new Innovations, as well as Scott Bader's locations, distribution partners around the world.

In addition, the new site includes general industry information about the Environment, Health & Safety, REACH and links to organisations such as Plastics Europe and Postgraduate university research bodies involved in innovation partnerships are also provided.
