

Gulf Craft launch the Majesty 122, a timeless superyacht built using Scott Bader resins, gelcoats and adhesives

Company - Gulf Craft

Location - United Arab Emirates

Established in 1982, Gulf Craft is a major manufacturer of luxury yachts and leisure boats ranging from 31 ft up to 175 ft. Scott bader and Gulf Craft have been working together since 2007.

Launched in November 2020, the Majesty 122 is the third 37 metre superyacht manufactured by Gulf Craft using Scott Bader's advanced composite and adhesive materials.

Named Happy Days, it is the first Majesty Yacht from the Superyacht Series to feature a fully enclosed luxurious sky-lounge. The timeless exterior profile flows seamlessly with the interior design creating harmonious views throughout.

The Majesty 122 is a stunning example of Gulf Craft's build quality and Scott Bader's high performance materials. It was built using Crystic® vinylester resins, Crystic® gelcoats, Crestabond® and Crestomer® structural adhesives, Crestafix® bonding pastes and Crestamould® matched tooling systems.

Scott Bader and Gulf Craft have been working in partnership since 2007 to manufacture their world class range of superyachts.

Ms. Abeer Al Shaali
Acting CEO, Gulf Craft

“We are delighted to have been working with Scott Bader for nearly 15 years. Their high performance materials are the perfect solution for our manufacturing needs. The team at Scott Bader Middle East provide us with excellent support and technical knowledge. We look forward to many more successful years working with Scott Bader.”
